

Health Net Doula Programs

BRINGING YOU PERSONAL CARE AND SUPPORT DURING YOUR PREGNANCY JOURNEY

What is a doula?

A doula is a birth worker who supports you during pregnancy, birth, and after birth — in person or on line. A doula can give care at the doctor's office or any place you need them.

 **Hospitals**  **Birth centers**  **Your home**

Doulas support people from all backgrounds and cultures. Their care helps you and your baby stay healthy and do well.

How a doula can help you

They offer emotional support, comfort, and helpful information to make things easier and less stressful for you. A doula can help you:

- Create a birth plan that fits your needs.
- Learn what to expect during pregnancy and after birth
- Find helpful resources in your community
- Get support with breastfeeding and adjusting to life with your baby.

Health Net offers our Members **TWO** options for Doula Services—you have a choice!

We offer Individual Doula Services or Virtual Doula & Support Services from Mahmee to choose from. This gives you the freedom to think about your options and make the best program choice to fit your lifestyle.

Important: You may enroll in either the Mahmee with wrap-around services or the Individual Doula Program, but **not both**.

Individual Doula program

- One in person or virtual visit with a doula to get to know each other.
- Up to eight more visits that include pre- and post-birth visits.
- Support during labor and birth. (This would also apply for a delivery that ends in a stillbirth. Or, for a miscarriage or abortion.)
- Up to two, three-hour added visits after the baby is born.
