Doula support is available before, during, and after childbirth

Health Net Doula Support—At No Cost to You

Health Net is here to support you throughout pregnancy, labor, delivery, and postpartum. This includes members who have suffered a stillbirth, miscarriage or abortion. These services are free for pregnant members.

What is a doula?

A doula is someone trained to provide support during pregnancy, childbirth and postpartum. Their personal care can often help to improve health outcomes for parents and babies.

Choose the doula program that fits your needs

- 1 Individual Doula Program** – Work with a doula in-person or online during pregnancy, labor, and postpartum.

You can find a doula using *Find a Provider*. Select *Medical Facilities*, then *Clinic or Urgent Care*, then use the drop down menu to *Select Specialty: Doula*

- 2 Mahmee with Wrap Around Services** – Access online and in-person Doula support via the Mahmee app, available 7 days a week. Contact Mahmee for more information about in-person services.

This program also includes:

- Maternity services from nurses
- Mental health coaches
- Nutritionists, and more

Contact Mahmee at:

www.mahmee.com

Phone: 1-818-431-1118

Monday through Friday 6 a.m. to 8 p.m. Pacific time (PT).

Saturday and Sunday from 8 a.m. to 6 p.m. PT.

Important:

- You may enroll in either the Mahmee with wrap-around services or the Individual Doula Program, but **not both**.
- Doulas **do not replace** medical providers or offer medical advice.

For more information, please visit our website or call the Member Services number on your Health Net Member ID card.

If you're having a baby: Select a primary care physician (PCP)

If you and your family members are currently covered by UC Blue & Gold HMO, your newborn must be assigned to a pediatric provider in the mother's physician group until the first day of the calendar month following birth.⁵ If the mother is not enrolled in UC Blue & Gold HMO, the child will be assigned to the primary member's physician group. In order for coverage to continue, you must also enroll your newborn through your employer within 30 days after the birth of the child.

To select a doctor from a physician group other than the mother's or the subscriber's (when the mother is not a Health Net member at the time of birth),

- 1** Call the customer contact center telephone number listed on the back of your member ID card.
- 2** You can also log in as a member to **healthnet.com/uc** and select *My Account*. The change will be effective on the first day of the calendar month after we receive your request.⁶

Get the most out of your health plan during pregnancy

UC Blue & Gold HMO is here for you during your pregnancy – and after the baby is born. We provide online resources and phone support for you during this exciting time. Be sure to see or talk with your doctor before starting any wellness program.

Start your pregnancy off right with a healthy body

- If you smoke, quit.
- Reduce stress in your life.
- Prepare a nutrition plan.

Start Smart for Your Baby®

Every pregnancy is different. Moderate and high-risk pregnancies require special care to protect you and your baby from adverse health outcomes.

The Start Smart for Your Baby program provides you with extra support by care managers who work with you and your doctor to ensure you receive the best care during your pregnancy, after birth and postpartum. They connect you to the right information and resources such as:

- Benefits available
- Help finding a doctor
- Breastfeeding supplies
- Where to find healthy foods, cribs, safe housing, clothing and more.

Health Benefit Navigators for UC Blue & Gold HMO

800-539-4072

Monday through Friday, 8 a.m. to 8 p.m. (Pacific time).

healthnet.com/uc

askblue&gold@healthnet.com

¹Prenatal, postnatal and newborn care that are considered Preventive Care Services are covered in full.

²Contraceptives covered through the member's prescription medication coverage include oral contraceptives, diaphragms, cervical caps, contraceptive patches, condoms and the contraceptive ring. Intrauterine devices (IUDs) are covered under the member's medical benefit.

³Health Net will cover one retail grade breast pump (either a manual [EO602] or standard electric pump [EO603]) per pregnancy under preventive benefits without medical necessity or prior authorization requirements via a vendor of our choice.

⁴Covered at plan benefits" indicates that the cost of the service will be applied to your plan's standard cost-sharing (e.g., your copay for office visits, inpatient hospital stays, or prescription drugs).

⁵Infertility drugs are only provided in connection with covered services.

⁶If your newborn is sick and unable to return home with the mother, then your newborn's transfer to a PCP in another physician group will be delayed until the first day of the calendar month after discharge from the hospital.
