Finding provider details needed to complete your enrollment application or change your Primary Care Provider (PCP).

To select or change your PCP, you'll need their **Enrollment ID#**, found by clicking *Show Details* in the doctor's profile. If your provider has multiple PPGs, a blue 'More locations' button will appear in the contact information section. Selecting this option will allow you to view the particular enrollment ID for the PPG you are interested in.

Note: Enrollment ID#s apply to PCPs only; specialists require a referral.
