

# Find a Provider – Fast!

## HEALTH NET’S PROVIDERSEARCH

**With ProviderSearch**, you’ll quickly find the most up-to-date listings of qualified in-network doctors, urgent care centers, hospitals, and other types of health care providers near your home or work.

- 1** Go to **www.healthnet.com/uc**, and click on *Find a Provider*.
- 2** Enter a location (address, city, county, or state).
- 3** Further narrow your search by Provider Name/ID/License Number or by Plan/Network (**Blue & Gold HMO**).
- 4** Select a type of provider (Doctor, Hospital, Medical Group, etc.) to get your results.

When selecting your primary care physician (PCP) you will need their 10 digit “Enrollment ID #”. This number can be found in the doctor’s profile under the *Practice Details* section in the ProviderSearch tool. Choose your options under *Select a Plan* and *Select A Medical Group* to view the number.

## Choose a high-performing hospital for a better experience

On the Health Net website, you get access to:

- **the Hospital Advisor comparison Tool** from WebMD. with details about: **The types of services offered at each hospital and quality ratings for their care, including information on patient experience.**
- **the national Leapfrog Hospital Survey.** Leapfrog is a national leader in information about hospital quality and safety.
- **the Leapfrog Hospital Safety Score,** which assigns each hospital a letter grade indicating overall patient safety.
